# Chrysanthemums A. B. C. QUALITY ROOTED CUTTINGS

## Let the Specialist Propagate for You!

More than ever, it will be good business this coming season to let the specialist propagate Mums and other stock for you. This will make your labor—expensive at present wage levels—available for other and more profitable work.

With higher costs you must be all the more certain that every square foot of greenhouse space is producing its utmost. The area formerly occupied by Mum stock plants can be used to grow-on items that will mean more immediate money in your pocket.

As is true of all sources, we and our growers are working with a reduced amount of help. However, we assure you of our sincere intention to serve you as satisfactorily as in the past. You can facilitate matters greatly. Place your . . .

## ORDER EARLY

- Taken from "True-to-Name" pest-free stock plants.
- Rooted under ideal conditions for uniformly greater vigor.
- Pulled from the sand at the proper stage for planting.
- Packed by experts to assure safe arrival at your greenhouse.

The wise Mum grower who sterilizes, fertilizes and otherwise carefully prepares his soil goes one step further . . . he insists on a good quality rooted cutting. He has learned that this is another important step in the direction of greater profits.

The expert specialists who propagate Mums for our customers conscientiously maintain that "Supreme Quality." There is no better evidence of this than the fine reputation enjoyed by A. B. C. wherever Mums are grown. It will be to your advantage to . . . **BUY FROM A. B. C. FOR '43.**

### Details With Regard to Discounts on Chrysanthemum Rooted Cuttings

**Special Discounts for Large Orders:** The following discounts, for quantities given, will apply on orders placed **at one time** for the quantity on which discount is taken.

5% discount for an order of	10,000
7½% discount for an order of	25,000
10% discount for an order of	50,000
15% discount for an order of	100,000

### Application of Rates

#### PLEASE READ

Twenty-five of a variety is the minimum that can be supplied; orders for more than 25 of a variety must be in multiples of 25.

If order totals 1,000 or more, all items will take the 1,000 rate.

If order totals less than 1,000, all items less than 250 will be billed at the 100 rate; 250 or more of a variety always take the 1,000 rate.

Please state on your requisition as to when delivery is desired.

Variety descriptions are by the originators.

Because of the perishable nature of Mum cuttings, we do not send them C. O. D., but when necessary to do so, we request that 50% of the amount be enclosed with your order.

**Shipping Information:** All our stock is propagated at Barberton, Ohio, from where it is shipped by Express Collect. We do not advocate shipping Chrysanthemum cuttings via Parcel Post.

## ANACONDA

V. R. DePetris Introduction

A large-flowered commercial incurved possessing excellent substance and color. It is a free and easy grower with vigorous habit and resistance to disease. Forms clean, strong, medium tall stems with beautiful dark green medium-sized foliage. Produces large blooms uniformly from any bud. Flowers do not shatter nor bruise easily from shipping or handling. The color is deep coppery red with golden bronze reverse, a shade very similar to the old variety David Roy. Date of maturity November 10th to November 15th. This variety will appeal to both the retailer and to the grower. It will produce two good blooms to the plant with unusual uniformity. When shaded for early October flowering the color is a rich golden copper. We recommend this variety for its ease of culture, its high quality of blooms and its appealing color.

**\$15.00 per 100; \$125.00 per 1000**

Cassandra

## CASSANDRA

*V. R. DePetris Introduction*

A medium sized pompon having a fully rounded form and excellent substance. Strong stems carrying rigid, well formed sprays. Foliage medium size and healthy. Produces bright orange-bronze blooms with a crispy substance. The color does not fade or go dull as the flower matures. This variety bunches well and is a good shipper. It responds well to shading and is an excellent variety for cloth-house. Will produce an early crop of flowers without fading. Matures normally November 5th to 10th. Cassandra produces an average number of high quality blooms which do not shatter, and requires the same cultural treatment as the varieties Mrs. Bulkley and Rev. Bushnell.

\$15.00 per 100; \$125.00 per 1,000

Golden Surprise

# New Mums

Your better customers, especially, are interested in something unusual . . . an item they won't see in every home . . . in every flower shop. Include "New Mums" for 1943 in

## NAVAHO

*Yoder Brothers Introduction*

Designed for a cloth-house, medium, decorative, red pompon. It blooms normally November 5th. Color is deep crimson; reddish bronze under early shading. Responds well to shading and fills a great need for a cloth-house variety in its color range. Growth is strong and uniform. The 2½-inch flowers are well spaced on fine sprays. Stems are dark and hard; foliage is glossy, deep green. Production is very high; keeping and shipping qualities excellent. Equally valuable on raised benches or ground beds. Plant June 1st to 10th. Final pinch July 10th to 15th. C. S. A. Silver Medal at Boston in 1941.

\$15.00 per 100; \$125.00 per 1,000

Navaho

## SEAFOAM

*V. R. DePetris Introduction*

Pure white large pompon having a full center and well rounded form. The blooms are produced on rigid and well spaced sprays. A free and easy grower with an unusually high production. Responds well to shading and well suited to cloth-house culture. Blooms November 20th to 25th. This variety produces freely high quality white pompons at a period when they are badly needed.

\$15.00 per 100; \$125.00 per 1,000

Seafoam

## GOLDEN SURPRISE

*V. R. DePetris Introduction*

A bright sulphur yellow pompon shading to golden yellow. Blooms on well formed sprays with rigid pedicels. The variety is of extremely easy culture, and possesses excellent glossy green foliage which is disease resistant. Will give very good production of attractive blooms having good form and substance. Matures November 20th to 25th, when yellow pompons are in great demand.

\$15.00 per 100; \$125.00 per 1,000

## GOLDEN JANE

*Yoder Brothers Introduction*

A brilliant golden intensification of the original buff bronze Jane. Much brighter and more livid in color.

\$15.00 per 100; \$125.00 per 1,000

## APRICOT VALENCIA

*Yoder Brothers Introduction*

An entirely new and beautiful deep apricot buff sport from Dark Pink Valencia. Ranks apricot bronze as Valencia ranks pink.

\$15.00 per 100; \$125.00 per 1,000

## RED VALENCIA

*Yoder Brothers Introduction*

A sport from Valencia, with a very versatile new color. It is a soft, pleasing tint of Brazil red.

\$15.00 per 100; \$125.00 per 1,000

for 1943

your order for rooted cuttings, both to make your selection complete as well as to acquaint yourself with possibly more profitable varieties to grow in the future.

Pixie

**SPUN GOLD***Yoder Brothers Introduction*

This variety has been on trial for several years under extensive plantings. It ranks among the highest producing pompons we know of. Spun Gold is a large, decorative pompon; deep lemon yellow in color. It blooms December 15th and later. Because of good substance it ships and keeps well. The stem is medium and strong. Plant June 15th to 20th. Final pinch August 5th to 10th.

**\$15.00 per 100; \$125.00 per 1,000**

Spun Gold

**PIXIE***Yoder Brothers Introduction*

Pixie is a large, well rounded button pompon, 1½ inches in diameter. Its color is deep golden yellow. The normal blooming date is November 10th. Pixie has proven very valuable for early shading. Substance is outstandingly good, making the shipping and keeping qualities excellent. The plant is productive; the flowers are produced on stiff, wiry stems with good spray formations. This variety will respond well under a wide diversity of cultures. Plant June 5th to 10th. Final pinch July 10th to 15th.

**\$15.00 per 100; \$125.00 per 1,000****GOLD IMPERIAL***Bristol Nurseries Introduction*

A quality pompon ready to cut about November 10th. The large, perfectly-formed golden yellow blossoms show a deeper yellow-orange center—a touch of distinction the market welcomes. The plant of a vigorous upright habit, foliage clean and healthy, good branching sprays, substance and keeping qualities excellent in every respect. Awarded C.S.A. Silver Medal, Boston, 1940; First Prize, Intermediate Class, Yellow, Boston, 1941.

**\$15.00 per 100; \$125.00 per 1,000****CARILLON***Yoder Brothers Introduction*

Carillon is a beautifully formed pink spray single. The color is a brilliant Valencia pink. Its season, December 20th and later, further adds to the rapidly growing list of valuable late varieties. Form and substance are good with the flowers spaced well on rigid sprays. Growth is fast, unusually free, with no blind or vegetative tendencies. Production on Carillon is extremely high and uniform. It is versatile enough to stand relatively late planting if necessary on either raised benches or ground beds. Plant June 20th to 25th. Final pinch August 5th to 10th.

**\$15.00 per 100; \$125.00 per 1,000**

Enchantress

**ENCHANTRESS***Yoder Brothers Introduction*

Enchantress is a beautiful deep pink anemone. As a disbud its blooms are 6 inches in diameter; as a disbudded spray it reaches 4 to 5 inches. The cushion develops fast and well, giving the variety a season of December 5th and later, just a few days earlier than that of the well-known variety Dark Pink Supreme. Attains a medium height with uniformly strong stems. Plant June 15th to 20th. Final pinch August 1st to 5th.

**\$15.00 per 100; \$125.00 per 1,000****INDIANAPOLIS YELLOW***Yoder Brothers Introduction*

This lemon yellow sport from Indianapolis Pink is another valuable addition to the very popular Indianapolis family. We think this is the best yellow Mum for its specific flowering date.

**\$15.00 per 100; \$125.00 per 1,000**

Carillon

## Cloth Houses

## AMOUNT OF CLOTH REQUIRED

A little more cloth than the actual measurements of the frame, as additional material is needed for rolling around the wires and for slight variations in fitting the cloth to the frame when sewing.
